

WDCM Workshop

**Wi-Fi: Shb-2F-meeting
(No password)**

No Smoking in the whole building

WDCM Workshop

TRUST series meeting:

Information Technology to implement the

CBD/NP in microbiology

Shanghai May 22-24, 2013

➤ ***No Smoking.***

➤ ***No coffee in side of the conference room***

- **Former Site of Consulate of France.**
- **English Country Style.**
- **Built in 1928.**
- **Now belongs to Shanghai Institute of Biological Science.**

The First WDCM Symposium

May 17-18, 2011, Beijing

The Second WDCM Symposium

June 7-8, 2012, Beijing

THE SECOND SYMPOSIUM OF WFCC-MIRCEN WORLD DATA CENTER
FOR MICROORGANISMS (WDCM) (2012.6.7-8)

WDCM Workshop

- **Fixed topics**
- **Limited number of participants**
- **Top experts**
- **WDCM activities follow**
 - **WDCM 1 in 2011: Analyzer of Bio-Resource Citation**
 - **WDCM 2 in 2012: Global Catalogue of Microorganisms**

Information Platform for Accessing ,Tracking, monitoring and benefit sharing of microbial resources

A research and practice program proposed by WDCM for implementation of CBD/NP

Which includes:

- Documentation: research reports on information system
- Schema of workflow
- Minimum datasets
- Connecting with GCM and ABC

Further cooperation with CBD/MIRRI/ACM/ANRRC.....

Detailed discussion on this platform will be held in this afternoon 

WDCM report series

—Evaluation of Microbial resources researches

➤ Contents :

◆ Global report

- Outputs of culture collections in publications, patents, Nucleotide sequence, Genome sequences
- Utilizations of microbial resources
- Isolation efforts of regions and countries
- Research status in the field of microbial resources and microbial technology

◆ Display in tables and graphs

◆ Country report

- ◆ Data is based on CCINFO, GCM, ABC and so on
- ◆ Cooperate with international organizations
- ◆ The first version of this report is expected to be published on ICC-13
